SUSTAINABLE DESIGN FOR SOCIAL IMPACT HANDMADE IN ESWATINI FROM 100% WASTE PAPER

What started as an *experiment* in craft with social impact has become a small thriving business with a solid community of local women artisans.

Lead by a designer and founded with the support of the local magazine distributors who wanted to recycled their waste.

We want to change the perception of recycled materials by focusing on developing new and innovative techniques using only waste paper.

Based in eSwatini our women artisans make each product by hand, with basic tools and the sun's rays, using only water based paints, pigments and glues.

principles

eSwatini is a landlocked country in southern Africa, it is one of the world's last remaining absolute monarchies with an estimated population of 1.4 million. The country has exceptionally beautiful scenery, with an impressive array of landscapes, and mountains among the oldest in the world at 3.6 billion years. Unfortunately it has high levels of poverty, food insecurity, and unemployment.

We work with a small community of women artisans who have been with us since we started. Sibongile was our first artisan and became our production manager.

LIGHTING

All pendants are handmade from 100% waste newspaper, mixed with water based glues, dyed with ochre or pigments, and coated with an eco varnish.

We make to order so we can custom make to your colour and finish choice.

Pendants come without any wiring and with a 1cm hole for the cable.

MPL Malambe pendant in clay

MHL Mahamba pendant in stone

VPL Vumbe pendant in sage with white beads

SPL Sibebe pendant in charcoal

EPL Emlembe pendant in blue

STL Sibebe pendant tall in stone with blue stripes

CPTL
Cana table lamp in clay with blue beads

TABLE LAMPS

All table lamps are made to order.

Please specify colour and pattern when ordering. You can choose from any of our pulp colours and add stripes or beads (see image on left)

We cannot export light fittings internationally, so if you require an E27 bulb fitting your lamp will come with the correct hole size. Fittings will then be inserted from inside and screwed from the top.

For customers in South Africa and locally, we can supply a white bulb holder which will be glued to the base and requires wiring.

Only use LED light bulbs on all lamps.

Any questions please get in touch.

COLOUR CHART

Please specify colour when ordering as all products are made to order.

Our products are handmade and recycled so variation is expected.

Each item is beautifully unique, showing the hand of the maker.

We use natural pigments and water based paint and glues in our paper pulp.

Clay and terracotta is red ochre from the earth.

All products are coated in an eco varnish for durability, meaning you can wipe them clean with a damp cloth but they are not water proof.

HOW TO ORDER

Please email your order to info@quazidesign.com

Once we have received your order a pro-forma will be emailed to you for confirmation with freight quote. Please allow 6-12 weeks for production. This will depend on time of year and size of order.

Products are non refundable *except* in the instance of damage, in which case a credit is given upon photographic evidence within two days of delivery.

Full payment of the order, inclusive of freight costs will be required from the customer prior to dispatch of the goods.

All designs and products are original artistic design of Quazi Design and as such may not be copied in any form whatsoever.
